

SCOPE Check-In February 27, 2015 Survey Results

The results are in on the quick survey of preferred date, time and location for SCOPE events. 68 members participated in the survey. Detailed results are attached, and are summarized below:

- The time of day preferred by 76% of respondents to attend SCOPE events is noon-1pm.
- The day of the week preferred by respondents to attend SCOPE events is Wednesday (43%), followed by Tuesday (37%), and Thursday (37%). Just over a third of respondents (36%) do not prefer a set day.
- The location preferred by 45% of respondents for SCOPE events is the Executive Council Office Boardroom. 33% of respondents do not have a preference.
- 83% of respondents would or might attend an informal Science After Hours networking event at 4pm on a Friday at a local pub.

Appendix: Detailed Results

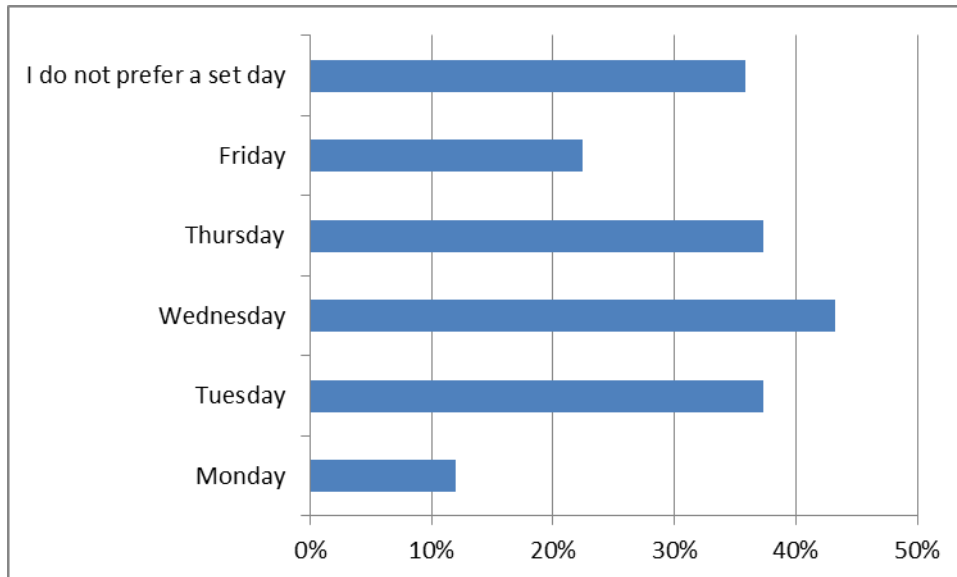

Q1. What time of day would you prefer to attend SCOPe events? (check all that apply)
(n=68)

Other:

- 2-3 pm
- 1:15 so as those who have commitments for lunch or who need to travel from their workplace can make it there in time
- any
- I am based out of Teslin, so I will attend SCOPe sessions when I am visiting Whitehorse during the week, when scheduling allows
- Monday & saturday evenings are OK too
- or later
- evenings
- Make the occasional lunchtime sessions at the college.

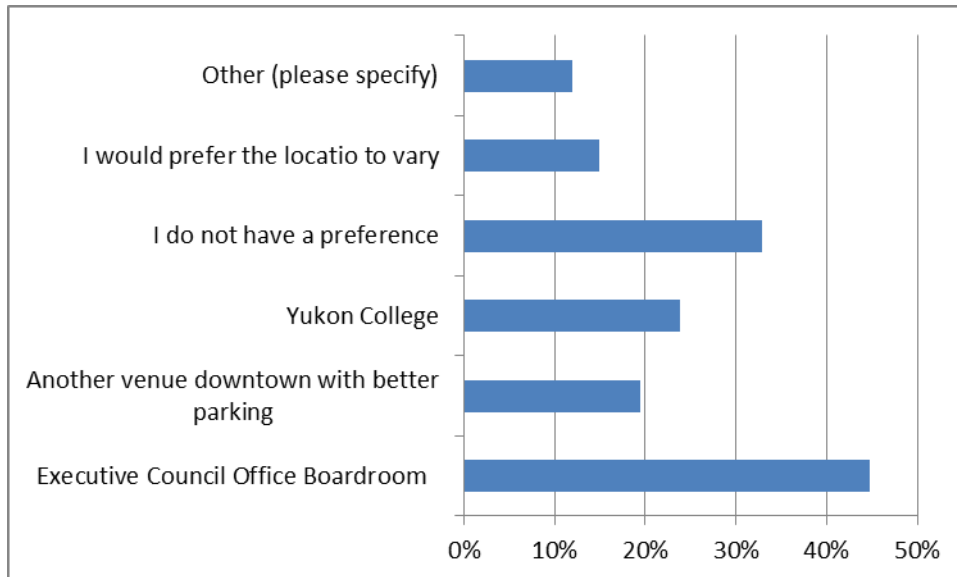

Q2. What day of the week would you prefer to attend SCOPE events? (check all that apply)
(n=68)

Comments:

- In summer just Mondays and Wednesdays
- This year due to soccer Tuesdays and Thurs are busy, but that changes
- I am limited based on my course schedule
- Depends on various other YG training events
- If the meeting is in the morning, then Wednesdays are okay.

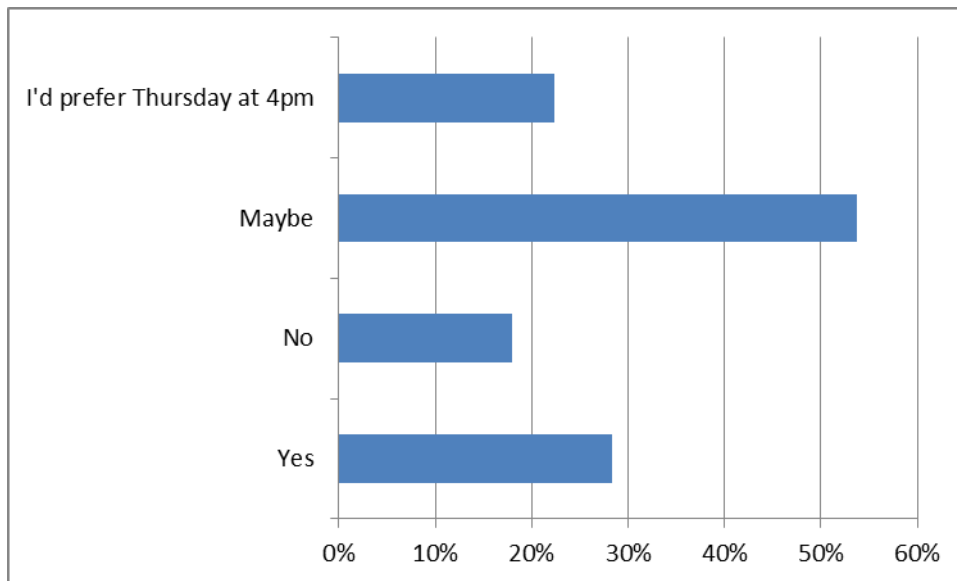

Q3. What location do you prefer for SCOPE events? (check all that apply)
(n=68)

Other:

- Anywhere downtown, but consistency is good, i.e. one location
- #1 Hospital road board room
- Beringia Centre (for large presentations)
- YTG Environment building - 10 Burns Rd
- alt downtown location
- anywhere walking distance in downtown
- I prefer downtown in walking distance of main street, so I don't have to drive.
- Yukon college b/c there's more room (and better parking)

Q4. Would you attend an informal "Science After Hours" networking event at 4pm on a Friday at a local pub?
(n=68)

Comments:

- Unlikely, unless I happen to be in Whitehorse that day
- As long as it is alcohol free environment...
- I do not prefer pub events; however Monday & Saturday evenings 7 PM would be best in winter.
- prefer coffee shop (one with beer?)
- Not for the next couple of years while the kids are young
- If I knew at least one or two other people that were going then I would be likely to attend
- Great idea. We are trying to get the Bistro at Yukon College licensed to events like these
