

1 Income Tax, Yukon, 2005

The data used in this publication are from Canada Revenue Agency's Final Statistics detailed profiles of Canadian taxfilers based on a stratified random sample of individual tax returns.

- Total number of income tax returns ————— **22,290**
- Total income assessed ————— **\$868,500,000**
- Average total income ————— **\$38,964**
- Taxable income assessed ————— **\$698,105,000**
- Average taxable income assessed ————— **\$31,319**

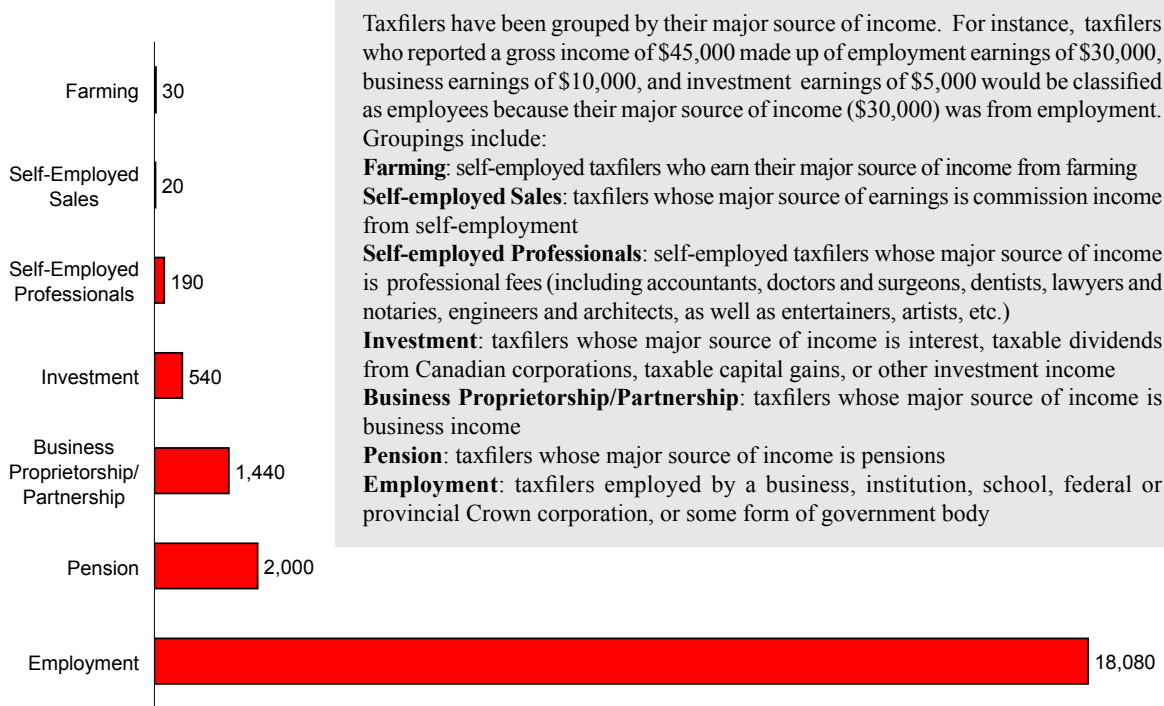

For the 2005 tax year, the total number of tax returns filed by Yukoners was 22,290. The total income assessed was \$868,500,000 and the total taxable income assessed was \$698,105,000. For the 2004 tax year, Yukoners filed 21,780 tax returns. The total income assessed was \$798,571,000, and the total taxable income assessed was \$642,317,000. From 2004 to 2005, the number of tax returns filed increased by 510, or 2.3%, and the total income assessed increased by \$69,929,000, or 8.8%. The taxable income assessed increased by \$55,788,000, or 8.7%. Taking a simple average, each tax return in 2005 had an average taxable income assessed of \$31,319. In 2004, this figure was \$29,491. The average taxable income assessed increased by \$1,828 (6.2%) from 2004 to 2005.

All Taxfilers, Total Income Assessed, Yukon, 1995 to 2005

2

All Taxfilers by Major Source of Gross Income, Yukon, 2005

Taxfilers have been grouped by their major source of income. For instance, taxfilers who reported a gross income of \$45,000 made up of employment earnings of \$30,000, business earnings of \$10,000, and investment earnings of \$5,000 would be classified as employees because their major source of income (\$30,000) was from employment. Groupings include:

- Farming:** self-employed taxfilers who earn their major source of income from farming
- Self-employed Sales:** taxfilers whose major source of earnings is commission income from self-employment
- Self-employed Professionals:** self-employed taxfilers whose major source of income is professional fees (including accountants, doctors and surgeons, dentists, lawyers and notaries, engineers and architects, as well as entertainers, artists, etc.)
- Investment:** taxfilers whose major source of income is interest, taxable dividends from Canadian corporations, taxable capital gains, or other investment income
- Business Proprietorship/Partnership:** taxfilers whose major source of income is business income
- Pension:** taxfilers whose major source of income is pensions
- Employment:** taxfilers employed by a business, institution, school, federal or provincial Crown corporation, or some form of government body

3

All Taxfilers by Age Group, Yukon, 2003 to 2005

In the 2005 tax year, the 45-to-49-year-old age group had the highest total income assessed (\$140,212,000). The average income figure for this age group was \$53,516. Average income assessed for the 45-to-49-year-old age group increased \$8,313, or 18.4%, from 2004 to 2005. In the 2004 tax year as well, the 45-to-49-year-old age group had the highest total income assessed (\$119,337,000). In 2004, the average income figure for this age group was \$45,433.

Notes: "-" = suppressed data. *Due to rounding and suppression, numbers may not sum to totals.

As would be expected, tax filers who fell into higher income brackets generally recorded higher contributions to RRSPs. In 2005, taxfilers who had made RRSP contributions accounted for 27.9% of the total number of taxfilers. This figure is up 0.2 percentage points from the 2004 level of 27.7% and up 1.6 percentage points from the 2003 level of 26.3%.

Total Number of Income Tax Returns With RRSP Contributions, Yukon, 1995 to 2005

5

All Taxfilers with Net Self-Employment Income, Yukon, 2005

	Number of returns	Net amount \$ (000's)
Business income (major source)	1,420	\$25,768
All other business income	1,480	\$457
Total business income	2,900	\$26,225
Professional income (major source)	190	\$9,553
All other professional income	200	-\$541
Total professional income	390	\$9,012
Commission income (major source)	10	-\$21
All other commission income	-	-
Total commission income	10	-\$21
Farming income (major source)	30	\$59
All other farming income	110	-\$384
Total farming income	140	-\$325
Fishing income (major source)	-	-
All other fishing income	30	-\$19
Total fishing income	30	-\$19
Rental income (major source)	180	\$1,101
All other rental income	950	\$2,324
Total rental income	1,130	\$3,425
Self-employment income (major source)	1,830	\$36,460
All other self-employment income	2,790	\$1,858
Total self-employment income	4,610	\$38,318

This table shows the distribution of all taxfilers with self-employment income in 2005. The total number of returns with self-employment income was 4,610, compared with 4,320 in 2004. This represents an increase of 290 returns, or 6.7%.

In 2005, the total amount of net self-employment income was \$38,318,000, compared with \$38,152,000 in 2004. This is an increase of \$166,000, or 0.4%.

Note: "-" = suppressed data.

Taxfilers Claiming Child Care Expenses, Number of Children Claimed, Expenses Allowed, Yukon, 2005

In 2005, 870 taxfilers claimed child care expenses in the Yukon. In 2004, this number was 790. A total of \$3,807,000 in child care expenses was allowed for a total of 1,540 children for the 2005 tax year. This means, an average deduction of \$2,472 was allowed for each child claimed. In the 2004 tax year, \$2,404,000 was allowed for child care expenses, 1,500 children were claimed, and the average deduction for each child claimed was \$1,603.

Income Class	Number of Taxfilers Claiming	Number of Children Claimed	Child Care Expenses Allowed

Average Taxable Income Assessed, Canada, Provinces, and Territories, 2005

*Note: Total deductions includes deductions from total income assessed, such as RRSP contributions, annual union dues, child care expenses, etc., and deductions from net income, such as capital gains deductions, social assistance payments, Workers Compensation benefits, Northern Residents Allowance, etc. Total deductions are calculated as follows: Sum of "total deduction before adjustments," "social benefits repayment," and "total deductions from net income."

The information contained in this publication is based on Canada Customs and Revenue Agency data. Taxfilers include all returns filed with and without income reported. Some returns are filed for the sole purpose of the GST Credit and/or Child Tax Benefit. All figures are reported in current-year dollars and have not been adjusted for inflation. Statistics pertaining to less than ten taxfilers have been suppressed; however, they are included in all subtotals and totals. All counts of the number of taxfilers have been rounded to the nearest ten. Subtotals and totals were rounded independently. Thus, due to rounding and suppression, numbers may not sum to totals. Dollar values have been rounded to the nearest \$1,000.
