

YUKON BUREAU OF STATISTICS

Yukon Income Statistics 2011 Taxation Year

Highlights:

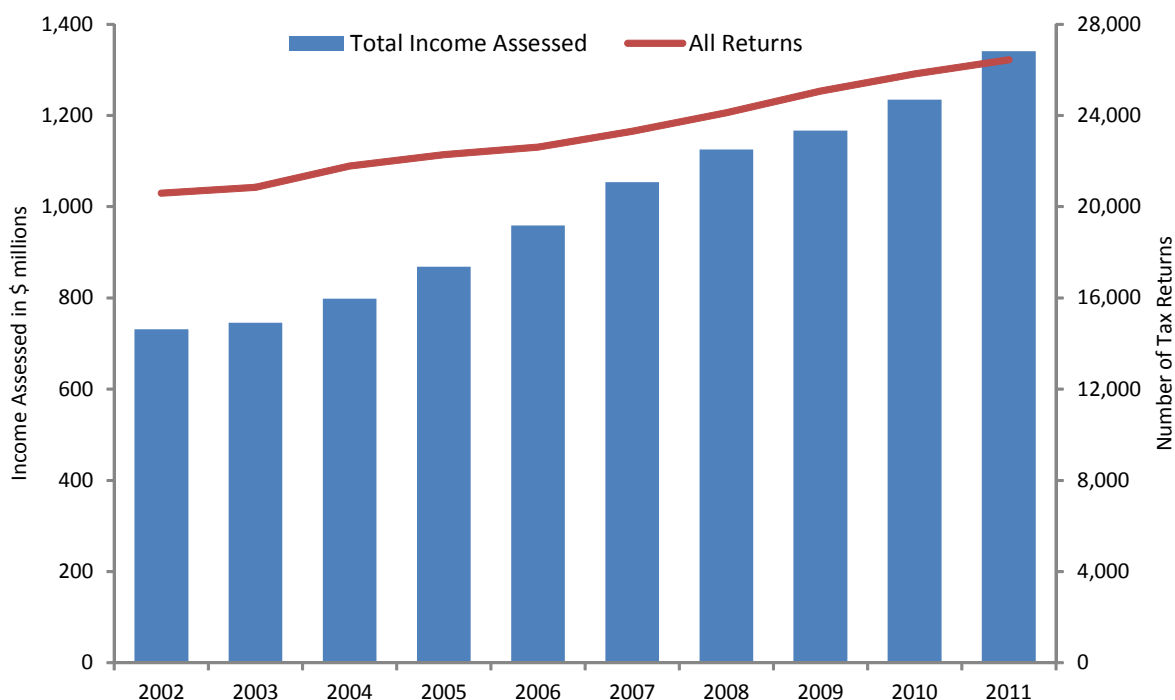

- There were 26,450 income taxfilers in Yukon in 2011, an increase of 630, or 2.4%, compared to 2010.
- Yukoners' total income assessed in 2011 was \$1.3 billion, for an average of \$50,707 per taxfiler.
- Taxfilers in the 45-49 years age group had the highest average income at \$65,663 in 2011.

The data used in this publication is from Canada Revenue Agency (CRA) based on 100% of all 2011 returns filed, including reassessments up to June 30, 2013.

For the 2011 tax year, the total number of tax returns filed by Yukoners was 26,450; an increase of 630, or 2.4%, compared to 2010 when the number was 25,820. The total income assessed in 2011 was \$1,341,201,000, the highest on record for Yukon and the fifth consecutive year that total income assessed exceeded the \$1 billion mark.

For the 2010 tax year, Yukoners filed 25,820 tax returns. The total income assessed was \$1,234,821,000. From 2010 to 2011, the total income assessed increased by \$106,380,000, or 8.6%. In 2011, Yukon's taxfilers had an average assessed income of \$50,707; in 2010, this figure was \$47,824. The average assessed income increased by \$2,883, or 6.0% from 2010 to 2011.

Taxfilers have been grouped by their major source of income. For instance, taxfilers who reported a gross income of \$45,000 made up of employment earnings of \$30,000; business earnings of \$10,000; and investment earnings of \$5,000 would be classified under 'employment' as their major source of income (\$30,000) was from employment.

Farming and Fishing: self-employed taxfilers who earn their major source of income from fishing or farming.

Self-employed Sales: taxfilers whose major source of earnings is commission income from self-employment.

Professional Income: self-employed taxfilers whose major source of income is professional fees (including accountants, doctors and surgeons, dentists, lawyers and notaries, engineers and architects, entertainers, artists, etc.).

Investment: taxfilers whose major source of income is interest, taxable dividends from Canadian corporations, taxable capital gains, limited partnership net income and other investment income.

Business Proprietorship or Partnership: taxfilers whose major source of income is business income.

Benefit: taxfilers whose major source of income is employment insurance, social assistance payments, Universal Child Care Benefits, worker compensation benefits and net federal supplements.

Pension: taxfilers whose major source of income is pension or split pension income.

Employment: taxfilers employed by a business, institution, school, federal or provincial Crown corporation, or some form of government body.

Other: taxfilers whose major source of income is alimony, RRSP income, registered disability savings plan income or other unspecified income.

The information contained in this publication is based on Canada Revenue Agency data. Except where noted, 'All Returns' refer to taxfilers include all returns filed with and without income reported. Some returns are filed for the sole purpose of the GST Credit and/or Child Tax Benefit. All figures are reported in current-year dollars and have not been adjusted for inflation. Statistics pertaining to less than ten taxfilers have been suppressed, however they are included in the subtotals and totals. All counts of the number of taxfilers have been rounded to the nearest multiple of ten. Subtotals and totals were rounded independently. Thus, due to rounding and suppression, rows or columns may not sum to totals. Dollar values have been rounded to the nearest \$1,000 or \$1 million.
