

YUKON BUREAU OF STATISTICS

Yukon Income Statistics 2015 Taxation Year

Highlights:

- There were 28,010 income taxfilers in Yukon in 2015, an increase of 400, or 1.4%, compared to 2014 (27,610).
- Yukoners' total income assessed in 2015 was \$1,533.9 million, for an average of \$54,763 per taxfiler.
- Taxfilers in the 45-49 years age group had the highest average income assessed at \$67,602 in 2015.

The data contained in this publication are from Canada Revenue Agency (CRA) from T1 Income Tax and Benefit Returns. Province or territory of taxfiler for 'Final Statistics' is based on residence as of December 31 of the tax year. For the tax years from 2009 to the reference year of this publication, 'Final Statistics' are based on all returns, including reassessments up to June 30th of year following filing date for any given tax year. Data from a stratified random sample of individual tax returns were used for the 2006 to 2008 tax years.

Individual Tax Statistics by Area' (formerly Locality Code Statistics) is based on the tax filer's postal code and place name as it appears in mailing address to determine the locality code (based on Statistics Canada's Standard Geographical Classification) and includes reassessment information up to June 30th of the given tax year plus two years.

Except where noted, 'number of returns' refers to all returns filed (taxable and non-taxable returns). Some returns are filed for the sole purpose of the GST Credit and/or Child Tax Benefit. All figures are reported in current-year dollars and have not been adjusted for inflation. Statistics pertaining to less than ten taxfilers have been suppressed, however they are included in the subtotals and totals. All counts of the number of taxfilers have been rounded to the nearest multiple of ten. Subtotals and totals were rounded independently. Thus, due to rounding and suppression, number in a row or in a column may not add up to the respective total.

Number of Returns by Age Group of Taxfilers, Yukon, 2013 to 2015

Source: CRA T1 Final Statistics, Table 4.

Taxfilers in the 30-34 years age group made up the largest number of taxfilers in 2015. There were 2,820 taxfilers in this age group accounting for 10.1% of all taxfilers.

Comparing 2015 to 2014, the age group with the largest increase in the number of taxfilers was the 60-64 years, with an increase of 170, or 7.4%.

Average Income Assessed by Age Group of Taxfilers, Yukon, 2015

Source: CRA T1 Final Statistics, Table 4.

In the 2015 tax year, Yukon taxfilers' average income assessed increased with age for each age group up to 45-49 years, remained at about the same level for the 50-54 years and 55-59 years age groups and then started decreasing from the 60-64 years age group up to the 70-74 years age group. Average income assessed increased slightly for the 75 years and over age group.

The highest average income of \$67,602 was assessed for the 45-49 years age group. Taxfilers in the less than 20 years age group had the lowest average income assessed in 2015 at \$10,786.

Source: CRA T1 Final Statistics, Table 3.

In the graph and the table above, returns have been grouped by major source of income.

For self-employment income, the gross income was used to determine the major source of income. For instance, a taxfiler who reported employment earnings of \$30,000, gross business income of \$25,000, and investment income of \$5,000 would be classified under 'employment'.

Sales: taxfilers whose major source of earnings is commission income from self-employment.

Farming and Fishing: self-employed taxfilers who earn their major source of income from fishing or farming.

Professional Income: self-employed taxfilers whose major source of income is professional fees (including accountants, doctors and surgeons, dentists, lawyers and notaries, engineers and architects, entertainers, artists, etc.).

Investment: taxfilers whose major source of income is interest, taxable dividends from Canadian corporations, taxable capital gains and other investment income.

Social Benefits: taxfilers whose major source of income is employment insurance, social assistance payments, Universal Child Care Benefits, workers' compensation benefits, and net federal supplements.

Business Proprietorship or Partnership: taxfilers whose major source of income is business income.

Pension: taxfilers whose major source of income is pension or split pension income.

Employment: taxfilers employed by a business, institution, school, federal or provincial Crown corporation, or some form of government body.

Other: taxfilers whose major source of income is alimony, registered retirement savings plan income, Registered disability savings plan income, registered disability savings plan income or other unspecified income. Other income includes taxfilers with nil amounts in the other major sources of income fields
