2012 Yukon Statistical Review

Population

**Yukon Population
2003 to 2012**

**Community Populations
2003 to 2012**

HIGHLIGHTS

Between 2003 and 2012, Yukon's population increased by 6,056 people, or 20.2%. This represents an annual average growth rate of approximately 2.1%.

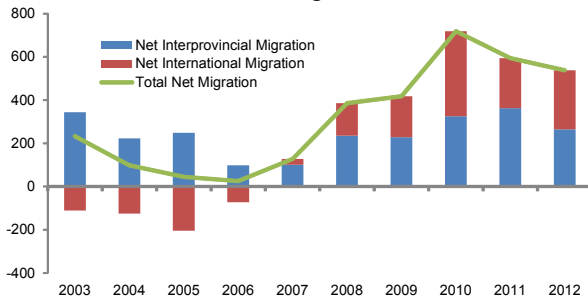

From 2011 to 2012, the highest percentage population growth occurred in Marsh Lake (6.8%). Over the same period, Carcross experienced the largest percentage decline (-2.7%). Yukon added 777 people to its total population, accounting for an increase of 2.2%.

**Community Population Change
2011 to 2012**

See pages 13-15 for detailed data.

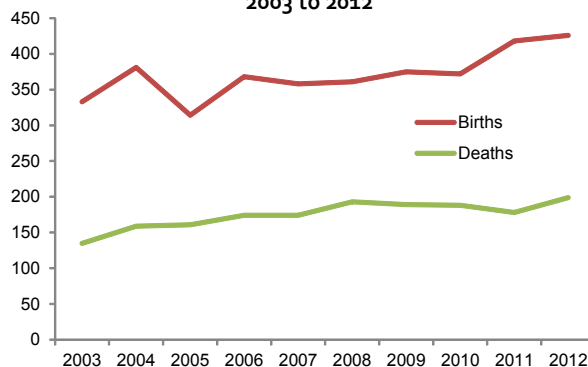

**Migration
2003 to 2012**

Yukon has seen 6 consecutive years (2007 to 2012) of net gains from interprovincial and international migration to and from the territory. The net gain in 2012 was 538 people. In 2011, the revised net gain was 594 people.

See page 18 for detailed data.

**Vital Statistics
2003 to 2012**

The average number of births per year in Yukon from 2003 to 2012 was 371; the average number of deaths was 175.

In 2012, there were 426 births in Yukon. This was the highest number of births recorded in Yukon since the 1997 record high of 481 births.

Between 2008 and 2011, the number of deaths steadily decreased. However, 2012 registered an increase in the number of deaths. In 2012, there were 199 deaths in Yukon.

See page 19 for detailed data.

HIGHLIGHTS

In 2012, Yukon's annual average labour force was at a record high of 20,400. However, the number of employed fell slightly from 19,100 in 2011 to 18,900 in 2012. This resulted in a 1.5 percentage point increase in the annual average unemployment rate; from 5.4% in 2011 to 6.9% in 2012.

See page 21 for detailed data.

In 2012, a total of 7,400, or 39.2%, of working Yukoners were public employees, meaning they were employed by one of the four levels of government in the territory. Of the 11,500 workers in the private sector, 2,900 or 25.2% were self-employed.

See pages 26-27 for detailed data.

Average weekly earnings (including overtime) in Yukon in 2012 were \$981.95. This is an increase of \$21.53, or 2.2%, over the revised 2011 average of \$960.42. In 2012, the average weekly earnings of Yukoners were \$85.14, or 9.5%, higher than the national average (\$896.81).

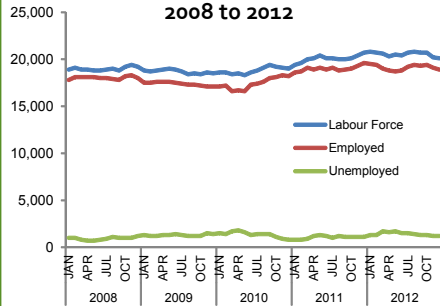

See page 30 for detailed data.

In 2012, the average number of total employment insurance income beneficiaries in Yukon was 1,327. This represents an increase of 24, or 1.8%, compared to the 2011 revised average of 1,303.

See page 36 for detailed data.

Annual Average Rate of Inflation
2003 to 2012

HIGHLIGHTS

□ The Whitehorse 2012 annual average inflation rate was 2.3%; 0.7 percentage points lower than in 2011 (3.0%). Nationally, the 2012 annual rate of inflation was 1.5%; 1.4 percentage points lower than in 2011.

Between 2003 and 2012, the annual average inflation rate for Whitehorse fluctuated from a low of 0.4% in 2009 to a high of 3.6% in 2008. Overall, the average annual rate of inflation in Whitehorse between 2003 and 2012 was 1.9%; Canada's was 2.0%.

See page 40 for detailed data.

Community Spatial Price Index as of October 2012

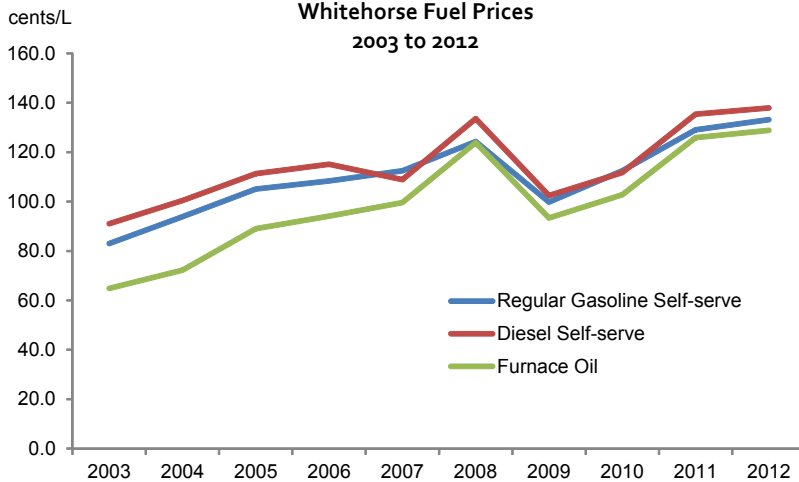

Whitehorse = 100

□ In October 2012, the price index for total items, between Yukon communities and Whitehorse (100) ranged from a high of 202.0 in Old Crow to a low of 110.6 in Carmacks. This means, the same basket of items used in estimating price indices, would cost 102.0% more in Old Crow and 10.6% more in Carmacks than in Whitehorse.

See page 45 for detailed data.

Whitehorse Fuel Prices
2003 to 2012

□ In 2012, the average price of regular self-serve gasoline in Whitehorse was 133.2 cents/litre. This represents an increase of 4.2 cents/litre, or 3.3%, over the 2011 figure of 129.0.

Between 2003 and 2012, the average cost of regular self-serve gasoline in Whitehorse has risen by 50.2 cents/litre, or 60.5%. Over the same period, the average cost of diesel self-serve in Whitehorse has increased by 46.9 cents/litre, or 51.5%; from 91.0 cents/litre in 2003 to 137.9 cents/litre in 2012.

See page 46 for detailed data.

HIGHLIGHTS

Rental Units

Between 2003 and 2012, the median rent in Whitehorse has seen steady year-over-year increases. In the past ten years, the median rent has risen from \$650 in 2003 to \$836 in 2012, an increase of \$186, or 28.7%.

All Whitehorse subdivisions saw increases in the median rent between 2003 and 2012. The greatest increase was in Porter Creek, rising by \$297, or 49.0%, while the least amount of change was in Upper Whitehorse, increasing \$153, or 25.5% over the period.

See page 47 for detailed data.

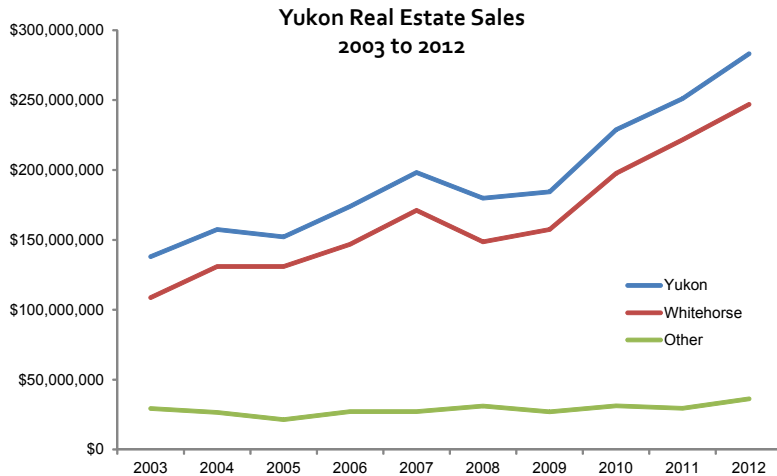

From 2003 to 2012, the vacancy rate in Whitehorse fluctuated from a high of 5.9% in 2003 to a low of 1.1% in 2010. The 2012 rate of 1.4% represents an increase of 0.2 percentage points from one year earlier, when it was 1.2%. With the exceptions of 2007, 2011 and 2012, the vacancy rate in Whitehorse overall had declined each year since 1999.

Over the ten year period, from 2003 to 2012, all Whitehorse subdivisions have seen declining vacancy rates. The most marked decrease has been in Porter Creek where the vacancy rate has decreased from 10.9% in 2003 to 0.5% in 2012.

See page 48 for detailed data.

Real Estate Transactions

HIGHLIGHTS

Between 2003 and 2012, total real estate sales in Yukon increased by \$145.3 million, or 105.3%, from \$138.0 million in 2003 to a record high of \$283.2 million in 2012. Over the same period, real estate sales in Whitehorse increased by \$138.3 million, or 127.2%, from \$108.7 million in 2003 to a record high of \$246.9 million in 2012. Real estate sales outside of Whitehorse increased by a much lower magnitude (23.9%).

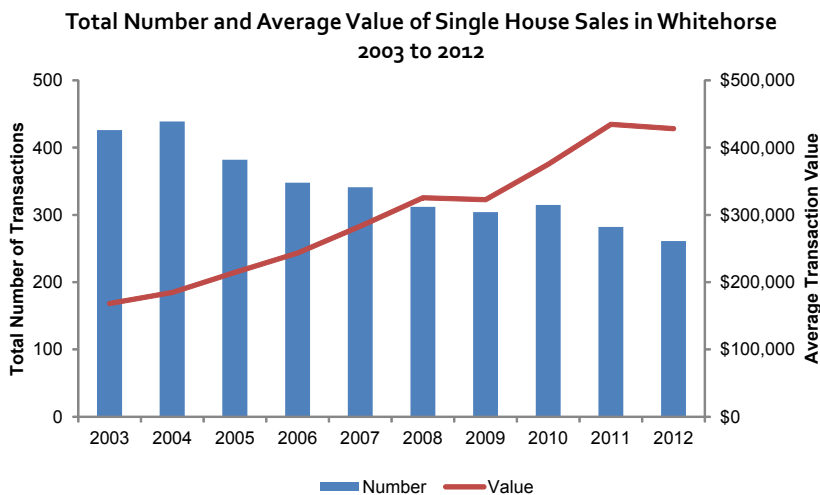

See page 50 for detailed data.

In 2012, there were a total of 639 real estate transactions in Whitehorse. This was an increase of 37 transactions, or 6.1%, over the 2011 when there were 602.

Comparing 2003 and 2012, the total number of real estate transactions in Whitehorse decreased by 47 transactions, or 6.9%, while the total value of transactions increased by \$138.3 million, or 127.2%.

See page 51 for detailed data.

The total number of single houses sold in Whitehorse has been slowly declining over the last 10 years. In 2012, a total of 261 houses were sold, a decrease of 165 houses, or 38.7% compared to 2003, when 426 houses were sold.

Meanwhile, the annual average value of single houses has been increasing over the same period. In 2012, the average value of single houses sold was \$428,100, an increase of \$259,800, or 154.3% compared to 2003, when the average value was \$168,300. However, the average single house price in Whitehorse has decreased by \$6,600, or 1.5%, compared to the 2011 record high of \$434,700.

See page 52 for detailed data.

HIGHLIGHTS

From 2003 to 2012, the construction value of building permits issued in Yukon has varied from a low of \$50.8 million in 2003 to the record high of \$176.8 million in 2011; in 2012, the value of building permits was \$100.4 million. Between 2011 and 2012, construction activity decreased by \$76.3 million, or 43.2%.

Percent Change in Value of Building Permits Issued 2004 to 2012

See pages 53-54 for detailed data.

From 2003 to 2012, the number of building permits issued in Yukon has varied from a low of 1,324 in 2003 to the record high of 2,027 in 2011; in 2012, 1,751 permits were issued. In Whitehorse, there were 75, or 6.2%, fewer permits issued in 2012 than in 2011. Of the 1,128 permits issued in Whitehorse in 2012, 86.3% were residential.

Percent Change in Number of Building Permits Issued 2004 to 2012

See page 53-54 for detailed data.

After record-high construction values of building permits issued in Dawson City (\$20.8 million) and Watson Lake (\$18.1 million) in 2011, the value of building permits again declined to pre-2010 levels.

In 2012, the total value of building permits in Dawson City was \$4.3 million; in Haines Junction was \$1.7 million; and in Watson Lake was \$1.3 million.

See page 55 for detailed data.

HIGHLIGHTS

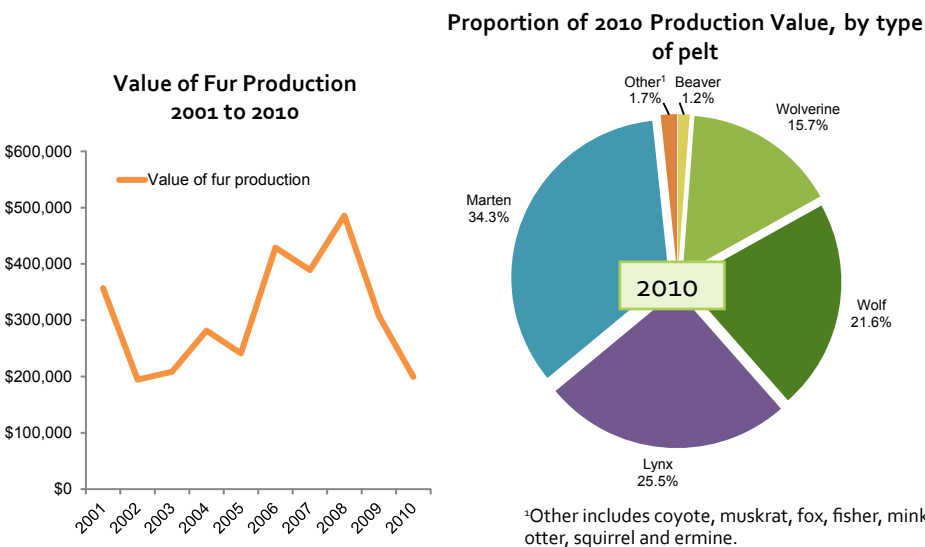

Comparing 2003 to 2012, the annual average Canadian dollar value of a troy ounce of gold has increased \$1,167.57, or 228.7%. In 2012, the annual average price of a troy ounce of gold was \$1,678.05, an increase of \$131.44, or 8.5%, over the 2011 value of \$1,546.61.

The total production value of gold in Yukon in 2012 was \$136.7 million, an increase of 417.7% over 2003.

Value of Gold/ troy oz. (\$CAN)

2012	1,678.05	2007	748.39
2011	1,546.61	2006	691.34
2010	1,273.70	2005	541.76
2009	1,112.63	2004	531.62
2008	938.84	2003	510.48

See pages 56 and 59 for detailed data.

The total value of Yukon's fur production in 2010 (\$199,546) decreased 35.2% from the value in 2009 (\$307,712), and decreased 44.0% from 2001 when fur production in Yukon was valued at \$356,648.

Auction Top Prices per Raw Fur Pelt March 23, 2012

Wolf	\$686.00
Wolverine	\$480.20
Lynx	\$392.00
Sable (Marten)	\$372.40
Beaver	\$225.40
Red fox	\$102.90

See page 60 for detailed data.

From 2002 to 2011, the volume of roundwood harvested has varied from a high of 41,974 m³ in 2002 to a low of 18,500 m³ in 2006.

In 2011, the total volume of roundwood harvested in Yukon was 27,000 m³. This volume has remained stable since 2009.

See page 62 for detailed data.

HIGHLIGHTS

Trade & GDP

□ The 2012 annual retail trade in Yukon was \$671.9 million. Compared to 2003, retail trade increased by \$250.3 million, or 59.4%, from \$421.6 million. Retail trade in 2012 increased \$18.3 million, or 2.8% over 2011.

The annual value of wholesale trade in Yukon for 2012 was \$151.3 million, an increase of \$79.3 million, or 110.1%, compared to 2003, when it was \$72.0 million. Wholesale trade in 2012 increased by \$6.4 million, or 4.4% over 2011.

See pages 64-66 for detailed data.

Retail and Wholesale Trade
2003 to 2012

□ The volume of liquor sold in Yukon in 2012 (5,013,000 litres) increased by 57,900 litres, or 1.2%, compared to 2011.

The value of liquor sales in Yukon has increased each year for the last 13 years. In 2012, sales increased by \$1.8 million, or 5.8%, from \$31.9 million in 2011 to \$33.8 million in 2012.

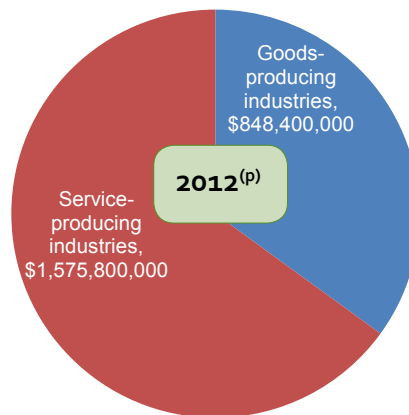

See page 67 for detailed data.

Liquor Sales
2003 to 2012

□ Preliminary total GDP by industry for Yukon in 2012 was \$2.4 billion. This is an increase of \$79.4 million, or 3.4%, over revised 2011 figures (\$2.3 billion). Goods-producing industries' GDP increased by \$48.6 million, or 6.1%, and service-producing industries' GDP increased by \$32.0 million, or 2.1%, over the same period.

Transportation

**Travellers Entering Yukon by Land through Canada Customs
January to December 2012**

**Travellers Entering Yukon by Land through Canada Customs by Residence
July 2012**

The number of travellers peaked in July at 98,863.

HIGHLIGHTS

In 2012, 406,133 travellers entered Yukon by land through Canada Customs points of entry. This represents an increase of 40,181 people, or 11.0%, over the 2003 total of 365,952 and an increase of 7,906 travellers, or 2.0%, over 2011.

In 2012, the number of travellers peaked in July at 98,863, up 3,839 travellers, or 4.0% from July 2011.

Total Travellers Entering Yukon by Land through Canada Customs

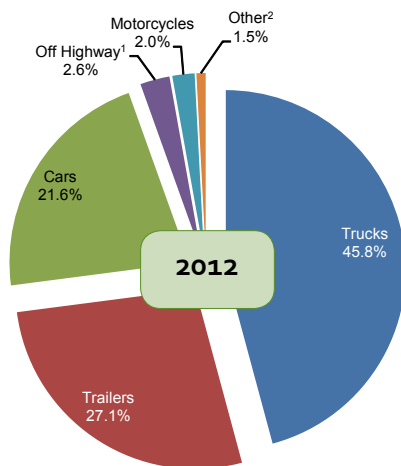

2012	406,133	2007	415,188
2011	398,227	2006	396,337
2010	398,799	2005	386,093
2009	360,615	2004	377,779
2008	389,442	2003	365,952

**Percent Change in Number of Total Travellers
2004 to 2012**

See page 72 for detailed data.

**Vehicle Registrations, by Type
2012**

¹ Off Highway includes registered snowmobiles and all-terrain vehicles.

² Other includes Buses, Dealer Plates, and Special Equipment.

The number of vehicle registrations in Yukon have increased steadily over the past ten years. In 2012, a total of 54,702 vehicles were registered. This shows increases of 2,025, or 3.8%, compared to 2011 (52,677) and 17,238, or 46.0%, compared to 2003 (37,464).

**Percent Change in Number of Total Registrations
2004 to 2012**

See page 73 for detailed data.

Appendix - Statistical Tables

2012 Yukon Statistical Review

TABLE GUIDE

Statistics presented in tables of the Annual Review provide a monthly, quarterly and/or annual summary of information. When monthly data is available, statistics are displayed for the preceding fifteen months. The latest twelve months are highlighted.

Quarterly data are located immediately below the monthly figures. Quarterly data is either the average of the monthly statistics or the sum of monthly data, as appropriate. Quarterly statistics cover a three-month period. The most recent four quarters are highlighted.

At the bottom of the table annual figures are displayed. Depending on the statistics presented, annual data may be either the average or the sum of monthly data. Previous years of data are presented, with the latest year highlighted.

Below the annual data, the data source and, as appropriate, notes regarding the table are provided.

Notes: Monthly and quarterly figures are based on 3-month moving averages. Estimates for Canada include all provinces but exclude estimates from Yukon, Northwest Territories and Nunavut, which use an alternative methodology. Nunavut estimates prior to 2008 should not be compared with more recent data due to change in coverage.

¹ *Regular* benefits include people receiving regular income support benefits as well as those participating in one of three employment benefit programs, namely Skills Development Program, Job Creation Partnerships Program, and Self-employment Program.

Notes: Total income beneficiaries may include other types of income support or special benefits (e.g. work-sharing, fishing, and/or compassionate care benefits) but excludes employment and support measures benefits. The number of total income beneficiaries represents the number of persons receiving income benefits for a specific week each month regardless of when they received payment.

¹ Includes Hillcrest, Takhini and Granger. This aggregation has been made due to small numbers of surveyed buildings in these subdivisions. Due to non-response of a landlord in Hillcrest from September 2007 to September 2011, the figures for Upper Whitehorse units are not a complete representation of Upper Whitehorse units.

² Caution should be used when analysing data from Dawson City due to the small number of buildings in the community. June 2006 was the first month that Dawson City was included in the Yukon Rent Survey.

Notes: In March 2012, the Yukon Rent Survey was expanded to include any building with three or more rental units. Prior to 2012, buildings with less than four units were excluded from the survey. Therefore, figures published prior to 2012 are not strictly comparable to subsequent figures. Rentals with less than three units (i.e. houses, suites and duplexes) are not included in the survey.

¹ Upper Whitehorse includes Hillcrest, Takhini and Granger. This aggregation has been made due to small numbers of surveyed buildings in these subdivisions. Due to non-response of a landlord in Hillcrest from September 2007 to September 2011, the figures for Upper Whitehorse units are not a complete representation of Upper Whitehorse units.

² Caution should be used when analysing data from Dawson City due to the small number of buildings in the community. June 2006 was the first month that Dawson City was included in the Yukon Rent Survey.

Notes: In March 2012, the Yukon Rent Survey was expanded to include any building with three or more rental units. Prior to 2012, buildings with less than four units were excluded from the survey. Therefore, figures published prior to 2012 are not strictly comparable to subsequent figures. Rentals with less than three units (i.e. houses, suites and duplexes) are not included in the survey.

¹ Includes Hillcrest, Takhini and Granger. This aggregation has been made due to small numbers of surveyed buildings in these subdivisions.

² Caution should be used when analysing data from Dawson City due to the small number of buildings in the community.

³ *Small Building* indicates three rental units in one building.

⁴ *Low-rise* units are in buildings with five or more units.

⁵ *Store-top* units are residential units in buildings which primarily contain commercial space.

† Use caution when analysing data due to a small number of rental units within the category.

Note: The Yukon Rent Survey includes buildings with three or more rental units. Rentals in buildings with less than three units (i.e. houses, suites and duplexes) are not included in the survey.

¹ *Other retail categories* is equal to total sales minus the sum of displayed retail categories. Therefore *other retail categories* includes industries not listed (i.e.; Motor Vehicle and Parts Dealers, Electronics and Appliance Stores; Health and Personal Care Store; Gasoline Stations; Sporting Goods, Hobby, Book and Music Stores; General Merchandise Stores; and Miscellaneous Store Retailers), in addition to listed industries which have been suppressed in the relevant period (e.g. Furniture and home furnishings stores).

Note: Detailed industry data for 2004 to 2012 is based on 2012 North American Industrial Classification System (NAICS). Data prior to 2004 is based on 2007 NAICS; therefore data prior to 2004 is not available in the same presentation format.

Definitions:

BANKRUPTCY:

A legal process carried out through a trustee in bankruptcy designed to relieve honest but unfortunate debtors of their debt burden. When individuals are in bankruptcy, creditors cannot initiate any collection actions against them.

A **consumer bankruptcy** applies to an individual with more than 50% of total liabilities related to consumer goods and services.

A **business bankruptcy** applies to any commercial entity or organization other than an individual, or an individual who has incurred 50% or more of total liabilities as a result of operating a business.

PROPOSAL:

An offer to creditors to settle debts under conditions other than the existing terms. A proposal is a formal agreement under the *Bankruptcy and Insolvency Act*.

A **consumer proposal** can be submitted to creditors only if an individual's total debt does not exceed \$250,000, not including debts secured by their principal residence. In addition, the debt must be paid off within five years.

A **division I proposal**, also known as a "commercial proposal", is available to businesses or individuals and there is no limit with respect to how much money is owed.

¹ *Off-Highway* includes registered snowmobiles and all-terrain vehicles. The increase in 2012 can be attributed, in part, to bylaw changes in Whitehorse requiring off-highway vehicles that operate within the City of Whitehorse to be registered.
