

### Highlights:

- The March 2012 estimated population of Yukon was 35,944, the highest in Yukon's recent history<sup>1</sup>.
- The Whitehorse population of 27,322 was an increase of 530, or 2.0%, over the March 2011 population, and also represented 87.5% of the population growth across Yukon.

### Monthly Yukon Population Estimates

- Yukon's population was 33,796 at the start of 1997. It decreased steadily for five years and then held at around 30,000 in 2002 and 2003. In 2004, the population began to climb.
- In the last half of 2011, Yukon's population increased from 35,096 in July to 35,818 – a (then) record-high<sup>1</sup> in November. The 2012 Yukon population showed strong growth in January – surpassing November's high – and, though the pace was slower, continued to grow through March to a new record high of 35,944.

Yukon Population, 2003 - 2012

All figures in this publication were calculated by the Yukon Bureau of Statistics based on data provided by Yukon Department of Health & Social Services.

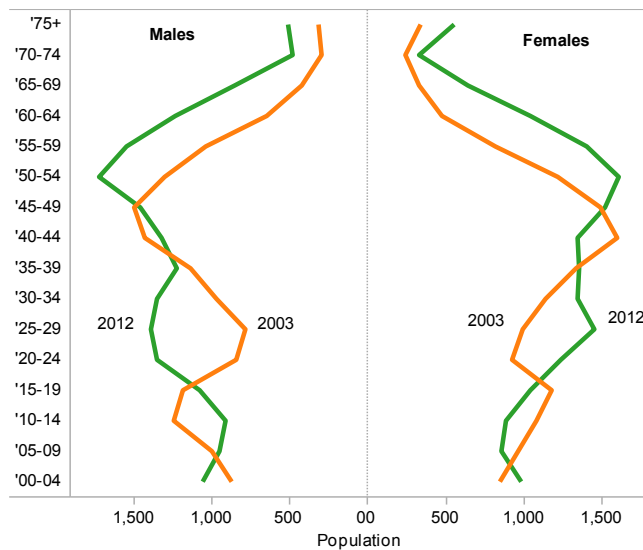

Population estimates for July 2010 and later are based on regression modelling. Thus, these numbers, while still comparable to the figures from previous years, have been derived using a different methodology than was used in earlier reports.

All Ages*	35,944	18,322	17,623	20.3	23.1	17.5

- Population has grown and aged since 2003 - particularly as the baby-boom (currently age 47-66) and echo-boom populations (approximately age 20-35) have aged.
- 15.6% of Yukon's population was under 15 years of age, 75.0% was between 15 and 64 years of age, and 9.3% was 65 years of age or older in March '12. Ten years prior, in March '03, Yukoners under age 15 had 20.1% of the population; those age 15-64 had 73.4%, and those over the age of 65 had 6.5% of the total population.
- In March 2012, Yukon's population consisted of 18,322 males (51.0%) and 17,623 females (49.0%). In March 2003, there was less of a gender gap: males comprised 49.8% of Yukon's population and females had the other 50.2%.

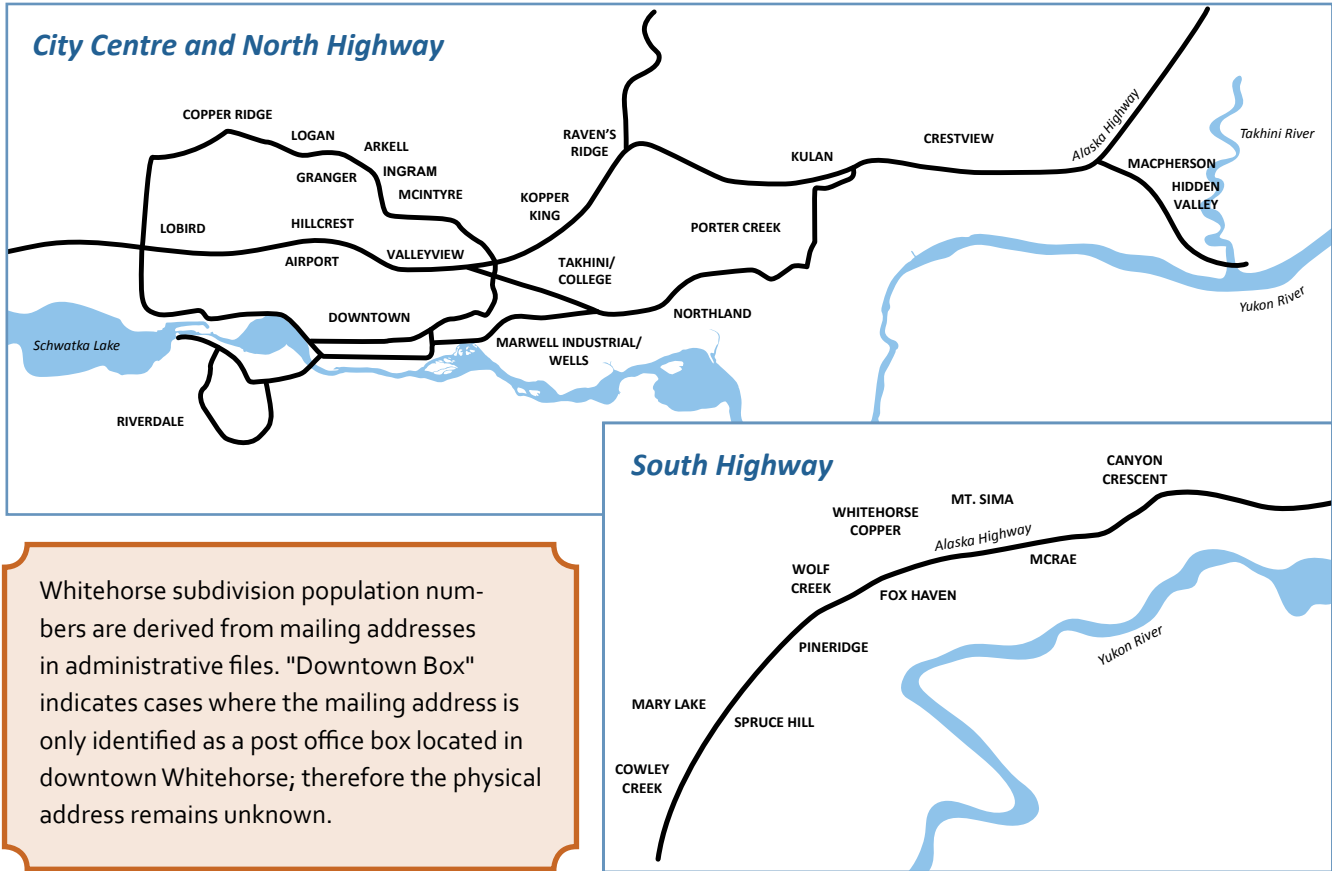

## Community Populations by Age Groups, March 2012

<sup>1</sup>Due to the use of regression modeling, the sums of rows and/or columns may not equal totals given.

<sup>2</sup>Other<sup>1</sup> includes communities such as Champagne, Elsa, Johnson's Crossing, Keno City, Stewart Crossing & Swift River.

# Whitehorse Area Subdivision Populations

Whitehorse subdivision population numbers are derived from mailing addresses in administrative files. "Downtown Box" indicates cases where the mailing address is only identified as a post office box located in downtown Whitehorse; therefore the physical address remains unknown.

Subdivision	Dec '11	Mar '12
Copper Ridge	3,374	3,421
Cowley Creek	201	240
Crestview	723	736
Downtown (including Marwell & Wells)	3,319	3,225
Downtown Box	490	277
Granger	1,027	1,037
Hidden Valley/MacPherson	420	411
Hillcrest/Airport	606	631
Ingram/Arkell	482	505
Kopper King/Raven's Ridge	258	253
Lobird	206	201
Logan	358	365
McIntyre	500	518

Subdivision	Dec '11	Mar '12
Mary Lake/Spruce Hill	418	423
Pine Ridge/Fox Haven	288	284
Porter Creek/Kulan	3,734	3,745
Riverdale	4,882	4,901
Takhini/Two Mile Hill/College/Northland Area	2,304	2,443
Valleyview	168	170
Whitehorse Copper/McCrae/Mt. Sima/Canyon Cresc.	372	366
Wolf Creek	352	347
Inconsistent Information <sup>1</sup>	204	221
Outside City Limits	1,781	2,019
Not in Defined Neighborhood	724	580
<b>Whitehorse Area Total<sup>2</sup></b>	<b>27,190</b>	<b>27,322</b>

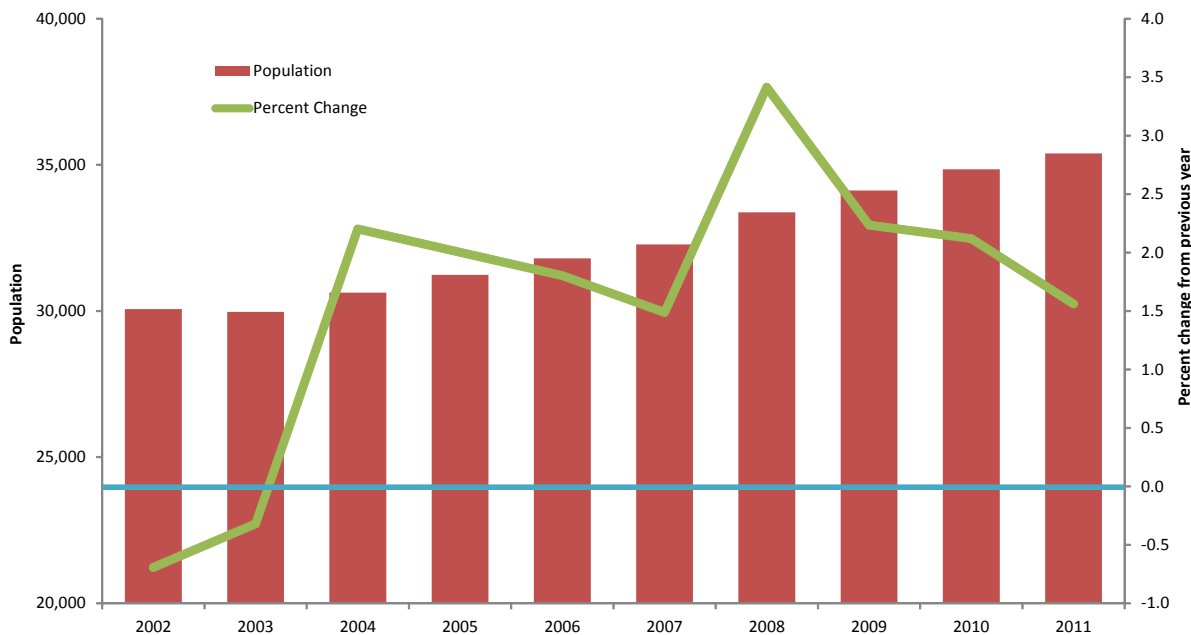

**Note:** Assignments of numbers of residents to Whitehorse subareas are based on addresses recorded on health care files, some of which are inconsistent or incomplete. Caution should be taken when comparing populations from one time period to another, as changes in totals may be a reflection of the updating of recorded addresses rather than physical migrations.

<sup>1</sup>'Inconsistent Information' includes residents whose self-identified city of residence is Whitehorse but whose addresses recorded in the administrative files show inconsistencies; therefore there is a possibility that these residents may in fact reside outside the Whitehorse area.

<sup>2</sup>Due to the use of regression modeling, columns may not equal totals given.

## Historical Population Estimates

### Growth of Annual Average Yukon Population, 2002 to 2011

Yukon's **annual average** population increased by 5,328 people from a population of 30,063 in 2002 to 35,391 in 2011. This represents an annual average growth rate of 1.6%; however, this growth has not occurred evenly from year to year. Rather, it has ranged from a high of 3.4% between 2007 and 2008 to a low of -0.7% between 2001 and 2002.

## Notes

Prior to 2012, the Yukon Bureau of Statistics produced population estimates twice a year. Beginning this year, estimates are produced quarterly.

Official population estimates for months and years prior to June 2010 were based on raw counts of Yukon Health Care Insurance Plan recipients, adjusted using the results of a semi-annual health care update survey that estimated the number of health insurance recipients who were no longer Yukon residents. Population estimates are now based on a model that combines raw counts of health care insurance plan recipients, health insurance claims, and motor vehicle registrations. The model is calibrated through a regression procedure that was conducted on official Yukon population estimates between January 2007 and June 2010.

Figures are sorted by postal codes and community codes. Users of this information should be aware that the community population includes not only the legally defined municipal limits, but also the population that lives in the immediately surrounding area.

It should also be noted these population estimates do not include approximately 200 RCMP and military personnel living in Yukon who do not subscribe to the Yukon Health Care Insurance Plan.

Information sheet no. 58.39 - May 2012
