Distribution of Whitehorse Rental Units and Vacancies, December 2010

The Yukon Rent Survey is a Yukon Bureau of Statistics survey that is carried out every third month (March/June/September/December) in Whitehorse, Watson Lake and Dawson City. This survey began in Yukon in 1977 and has continued to the present with only minor changes in survey design. The survey includes only those **buildings with four or more units**. Buildings with less than four units (such as houses, suites and duplexes) are not included in the survey.
